From (Name) V. Ramakrishna Esq., M.A., I.C.S.,
(Designation) Director of Industries & Commerce,

To The Secretary to the Government of Madras,
Development Department.

Sir,

Miss J. Evelne, Mangalore, has submitted an application for a loan or a subsidy of Rs.200/- under section 6(a) or (c) of the State Aid to Industries Act through the Mangalore Ladies' Thrift and Loan Cooperative Society Limited, of which she is a member. The application is supported by the Cooperative Society and recommended by the Registrar of Cooperative Societies, Madras. A copy of her application is attached.

pp 5-6 enfra

2. The applicant's original proposal was to purchase at a cost of Rs.200/- a machine for sewing socks

and another machine for making thread balls. When the Principal of the Government Textile Institute, interviewed the applicant in Mangalore, She informed him that she abandoned the ~~second~~ idea of preparing thread balls, but that she was desirous of taking to the sewing industry by purchasing a machine with financial help from the Government. The Principal considers that the applicant is competent to undertake dress making and sewing work and that a sum of Rs.120/- would be sufficient for purchasing a sewing machine and accessories.

3. The security for the loan consists of the sewing machine and accessories proposed to be purchased at a cost of Rs.120/-. As this is a cottage industry, the security is sufficient for the loan under rule 24 of the Rules framed under the Act. The Board of Industries which considered the application at its meeting held on the 30th January 1939 unanimously declined to recommend the loan as, in its opinion, the Cooperative Society of which the applicant is a member ought to finance her. A copy of the resolution of the Board together with a copy of the note circulated to the Board is enclosed for the information of the Government.

NOTE FOR THE BOARD OF INDUSTRIES.

Application from Miss J. Evelne, Mangalore for a loan of a subsidy of Rs.200/- under the State Aid to Industries Act.

Miss J. Evelne has submitted an application for a loan or a subsidy of Rs.200/- under the State Aid to Industries Act through the Mangalore Ladies Thrift and Loan Cooperative Society Limited, which she is a member. The application is supported by the Cooperative Society and recommended by the Registrar of Cooperative Societies, Madras. The Deputy Registrar, Mangalore, states that the loan may be granted to the Mangalore Ladies Thrift and Loan Cooperative Society for subsequent payment by it to the member. A copy of the application for aid is attached. It is requested that the loan, if sanctioned, may be made repayable in four annual instalments.

2. The original proposal of the applicant was to purchase at a cost of Rs.200/- a machine for sewing socks and another machine for making thread balls. The Principal, Government Textile Institute, Madras, who interviewed the applicant in September 1938. states that she has abandoned the idea of preparing thread balls but that she is desirous of taking to the sewing industry by purchasing a machine with financial help from the Government. The Principal considers that the applicant is competent to undertake dress making and sewing work and that a sum of Rs.120/- would be sufficient for purchasing a sewing machine and accessories. In the absence of facilities for an examination of the fabrics proposed to be turned out and their disposal, it has been difficult to investigate the propsects of the success of the proposed industry. The Deputy Registrar states that the savings that can be expected from the socksewing machine will be Re.1 or Rs.2 per month at the most and if this is so, it is not clear how the applicant can afford to repay the annual instalments without difficulty. The amount of loan is, however, small and the Mangalore

Ladies Cooperative Society to whom the loan will have to be sanctioned will be held responsible for repayment. The security for the loan consists of the machine and accessories proposed to be purchased at a cost of Rs.120/-. As this is a cottage industry, the value of the security is sufficient to support a loan of Rs.120/- under Rule 24 of the Rules framed under the Act.

3. The views of the Board are desired on the application and as to whether in the circumstances the aid applied for may be recommended.

Form of application for aid under the State Aid to Industries Act 1922, (No.V of 1923).
